

# What does a fast and deep PSA response to treatment mean to you and your patients?

**Improved Overall Survival<sup>1</sup>**

**Faster and Deeper PSA Response from TITAN's treatment arm<sup>1-3</sup> (ERLEADA<sup>®</sup> + ADT)**

**Maintenance of HRQoL<sup>2</sup>**

**Real-world evidence showed that ERLEADA<sup>®</sup> + ADT has faster and deeper PSA response than enzalutamide + ADT in mCSPC patients<sup>3</sup>**
